BOSTON, MASS., WEDNESDAY, OCTOBER 25, 1905

PRICE THREE CENTS.

## FRESHMAN CLASS MEETING.

### Much Enthusiasm Aroused for Field Day Contest.

For the purpose of creating more anti-sophomore spirit, the Freshman Class held a meeting Tuesday noon in Huntington Hall. President Scharff pointed out how necessary a win in the Tug-of-War will be to a Field Day victory, because the class cannot hope to win both the other events. It is hoped that the men will respond to this final appeal. The chair was empowered to appoint a committee of five to direct the decorations and act as marshals on Field Day. It was decided to hold mass meetings at Tech Oval after drill on the last two Wednesdays before Field Day, to create much needed spirit.

The constitution committee reported that the draft would be ready for inspection at the next meeting, but that it would not be read to the class for lack of time. The nomination of permanent officers was postponed until the constitution should be ready.

Announcements of class meetings will hereafter be given in the Armory at drill in the hope of getting a larger attendance.

## TENNIS TOURNAMENT.

Five matches were played in the Tennis Tournament, Saturday, three in singles and two in doubles. Two matches in the second round and three in the third round of the singles remain to be played, while in the doubles, the final match between Fanning and Gatewood, and Larned and Lightner remain. The results of the matches played are as follows:

### SECOND ROUND.

Nickerson defeated Lyon, 6-1, 7-5.  
Whitney defeated Guilford, 6-3, 6-4.  
Dwight defeated Lightner, 8-6, 2-6, 9-7.

### DOUBLES.—SEMI-FINALS.

Fanning and Gatewood defeated Miller and Sullwold, 6-1, 6-3.  
Larned and Lightner defeated Nicholl and Hosmer, 6-0, 6-1.

## MEDICAL HELP

Twice a week the members of the Institute have a chance to be medically examined and advised free of charge. Dr. White, the physician who has undertaken to give this medical help is in 27 Pierce from 4 to 5 on Tuesdays and Fridays. It is an advantage worth remembering and making use of.

## SOPHOMORE CLASS MEETING.

The Sophomore Class will hold an important meeting in Huntington Hall today, at 1 P.M. The questions of pipes and flags will be discussed and settled. No one will be asked to contribute any money towards anything, so the Sophomores need not be afraid to attend.

## TECHNOLOGY ORCHESTRA.

### Much Interest Shown in the New Enterprise.

Another stride in Technology musical circles was taken Monday afternoon, as a result of the first rehearsal of the Technology orchestra at the Tech Union. The meeting was largely attended and the interest shown causes it to be wondered why such a movement has never been undertaken before. Much time was given to a general discussion of the purposes and conduct of the organization, while definite business, as the election of officers, was postponed until Saturday afternoon, Oct. 28, at 1.30.

It is intended to make the orchestra a purely social organization with the opportunities for trips and sociability, and the enjoyment offered to members of the other musical clubs. In no way, however, is it intended to become a rival organization, but rather a supporter of the interests in musical directions.

As the orchestra needs an opportunity to show its value, it will begin by offering its services to the Freshman Class for the annual Freshman hop.

Among the men who have thus far reported to the leader, C. F. Willis '06, are: E. T. Almy, '08; W. F. Dolke, '08; R. W. Ferris, '08; H. G. Pastoriza, '07; C. H. Pope, '09; E. A. Robinson, '09; C. S. Robinson, '09; L. K. Terry, '08; E. H. Temple, '07; L. A. Freedman, '07; E. J. Colgan, '09; C. F. Willis, '06; violins. A. F. Thode, '08; piano. P. Heimer, '08; T. G. Chapman, '08; drums. A. H. Gingsburg, '09; flute. C. Keniston, '08; oboe. Belcher, '09; F. W. Lindsay, '07; clarionets. E. Dowcette, '08; cello. Tracy, '08; J. M. Burch, '08; cornets.

## WALKER CLUB.

A meeting of the Walker Club was held in 44 Rogers Monday afternoon. G. S. Witmer, '08, was chosen to the Executive Committee to succeed F. H. Kales, '06. A single or series of debates with the Civic Club was considered, as was also the feasibility of a series of lectures on past Tech life by numerous graduate members. After the report of Secretary Robbins, '07, the following men were elected to membership:

M. T. Lightner, '06; W. Ranney, '06; W. H. Trask, '06; G. H. Bryant, '07; B. D. Johnson, '07; B. L. Gimson, '08; G. S. Witmer, '08.

There will be another meeting of the Society, Friday, October 27, at 4.00 P.M.

## A LOSS TO 1909.

Two men, both fast, who were out for the Freshman Relay Team, have been laid up. Dickerman has sprained his ankle and may be out of the running permanently but Keeney, the other man, will be back, it is hoped, next week.

## FRANKLIN FUND.

### Carnegie Confirms His \$500,000 Offer.

At a recent meeting of the board of managers of the Franklin Fund, President Pritchett, on motion of Acting Mayor Whelton, was chosen chairman of the board. Among other business of interest was the reading of a communication from Andrew Carnegie, in which he confirmed the offer of \$500,000 previously made by him for reimbursing the fund.

## SOPHOMORE FLAGS.

The Sophomore Flag Committee reports that the class flags will be the regulation Tech flag with the letters "T" on both sides. The committee cannot promise that sticks will be provided, but will do its best to secure them. The price will be fifty cents.

Orders must be left at the Cage for the Sophomore Flag Committee and positively no orders will be received after 1 o'clock on Saturday, November 4.

## OUR LOYAL PROFESSORS

The Carnegie School of Pittsburgh has extended to Dr. W. H. Walker of the Chemical Department a call to the directorship of the department of chemistry of that institution. To the gratification of Tech men, Dr. Walker decided to remain at the Institute. At the last meeting of the Corporation, Dr. Walker was promoted to be Professor of Industrial Chemistry.

## NEW HOURS FOR 1909 TUG-OF-WAR.

In order to conflict less than heretofore with recitations, the Freshman Tug-of-War practice has been changed to 4.30 every day. This change allows less excuse for lateness or absence and everyone must be out on time.

## THE NEW GYMNASIUM.

The new Tech Gym seems to be an ill-fated building. During the summer the roof fell in and had to be rebuilt. Later it was found that the girders in the roof were not strong enough and the roof had to be rebuilt again. Work is progressing steadily on the gymnasium now and the building will, in all probability, be ready for use at Thanksgiving.

## THE SOCIETY OF ARTS.

The 613th regular meeting of the Society of Arts will be held in 22 Walker, tomorrow. Mr. Wm. Lyman Underwood will address the Society on "The Brown-Tail and Gypsy Moths: their Life Histories, and some Suggestions for their Suppression." The lecture will be fully illustrated with stereopticon pictures taken by the speaker.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

Mr. J. M. Frank, 1907, has been elected to the Editorial Staff, Mr. W. B. Given Jr., 1909, to the Business Staff, and Mr. A. K. Mitchell, 1909, to the News Staff of THE TECH.

The old clothes man of Harvard has caused the arrest of a student who got the better of him financially. There is no danger that Spinoza will ever have to make such a complaint.

The organic Chem. Lab. is provided with an overhead shower bath, as a measure of safety in case of clothes getting fire. If the hydrogen generator is blown up as many times as usual, had not the freshman lab better be similarly provided?

In a scientific education, the cost of text-books is a considerable item. Here at Tech, for instance, a large outlay is required every year. So it is important that the matter of text-books should not be allowed, by those in charge of Institute affairs, to suffer from ill-regulation or neglect.

That is to say, not only should the most suitable books be selected for text-books, but there should be as little chance as possible for criticism of the price. Many necessary books are expensive because of the smallness of the editions which can be printed, but there is no reason why the remuneration of a professor for his labor in writing a book should be greater

for his official position. If the book is used, it is presumably the most suitable; if it is sold, it is presumably sold at such a price as would enable it to compete at institutions where the administrative authority of the writer was unfelt.

In another column we have noted the offer from the Carnegie Technical School to Dr. Walker, Professor of Chemistry at the Institute.

It must be gratifying to all who have the interests of TECH at heart to know that Dr. Walker refused the directorship of the chemical department at the above institution even though the offer included a higher salary than he now gets.

Loyalty like this is rare in other institutions and too high praise can not be given to Dr. Walker.

## CALIFORNIA CLUB.

There will be a California Club Dinner Friday evening at 6.30 P.M., October 27, at Tech Union. All California men are cordially invited whether members of Club or not. Price \$.75. Please leave names and address at Cage for L. C. Hampton, Secretary, before Thursday P.M.

## 1908 FOOTBALL MEETING.

Captain Glover addressed the Sophomore Football Team in Huntington Hall last Tuesday at 1 P.M. He spoke of 1908's chances of winning Field Day and encouraged the men to the end that the practice for the next few weeks might be snappy and lively.

As a result of the Roosevelt football conference, held at the White House a short time ago, all of the coaches of the big teams have signed a set of resolutions in which they pledge themselves as devotees to clean sport without undue roughness.

Brown meets Harvard next Saturday in the Stadium. The game should prove interesting as the Brown team has shown unusual strength this season. The outcome of the game will also give a line on the comparative strength of Harvard and Pennsylvania as Brown played Penn last Saturday.

It is interesting to speculate on the football championship this year. Yale has never yet beaten both Harvard and Princeton on an odd year, therefore, if tradition means anything, Yale is doomed to defeat this year. Thus far Harvard has not shown a strength that is likely to down Yale, but Princeton is an unknown quantity and may have some surprises in store for Yale.

The University of Pennsylvania football association is getting its full share of harsh criticism just now, and no doubt it is deserved. Zilligan of the football squad has been proved an out and out professional,

having played for money on a Denver professional football team. No doubt he will be protested by Harvard before the Harvard—Penn game.

It is significant that no University of Pennsylvania coaches were invited to the Roosevelt football conference.

The Carlisle Indians have caught on to the methods of the white men for obtaining football material. During the past summer the Carlisle captain and coaches have canvassed the Indian reservation and the Indian Prep. Schools and have secured several husky men.
